

Love and Logic Starts with a Hug

LOVE

It takes a great deal of love to...

- ♥ Find the positives in our kids when they act poorly
- ♥ Hug them before we ask them about their homework
- ♥ Set limits without anger, lectures, or threats
- ♥ Hold them accountable for their poor decisions by providing empathy first and consequences second

LOGIC

When we give this special kind of love, a wise type of logic grows in their minds:

When I make poor decisions, it makes my life pretty sad. I wonder how my next decision will affect my life?
