Love and Logic Starts with a Hug

**LOVE**

It takes a great deal of love to...

- ❤ Find the positives in our kids when they act poorly
- ❤ Hug them before we ask them about their homework
- ❤ Set limits without anger, lectures, or threats
- ❤ Hold them accountable for their poor decisions by providing empathy first and consequences second

**LOGIC**

When we give this special kind of love, a wise type of logic grows in their minds:

*When I make poor decisions, it makes my life pretty sad. I wonder how my next decision will affect my life?*

People who are really successful implementing this skill
